JNSPORTS

BRAND STATEMENT

BOTH IN TEXTILE PROMOTION AND IN CORPORATE FASHION WEAR JAMES & NICHOLSON AND MYRTLE BEACH ARE MEANWHILE AMONG THE BEST-KNOWN AND MOST POPULAR BRANDS.

The product diversity of the two product lines is unparalleled and is expanded every year by around 100 fashionable novelties. In the fields of sports, leisure, business and work there is hardly any top or headgear which is not included in the diverse product line.

JAMES & NICHOLSON and myrtle beach are manufactured with social and ecological responsibility. All the textiles are REACH-compliant and manufactured according to Oeko-Tex® Standard 100. Since 1999 social and environmental aspects have been integrated into the company code of conduct. They are submitted to strict controls.

The storage capacity of the brands is 20 million pieces, 98% of which are always available. Extremely short delivery times and a smooth handling of direct shipment are a great advantage JAMES & NICHOLSON and myrtle beach offer their customers. Service takes top priority – in day-to-day business the focus is always on the customer. That is why the quality of the product lines is the most important thing of the company philosophy – from inception to completion and beyond.

JNSPORTS

MADE WITH RESPONSIBILITY

SOCIAL COMPLIANCE

As members of the 'BSCI/Business Social Compliance Initiative' we commit ourselves to implementing the BSCI code of conduct as part of our business relations with our manufacturers and thus to improving the working conditions within our supply chain and to producing our textiles fairly. This includes our clear commitment to the employees' right to freedom of assembly, protection against discrimination, and an adequate remuneration, that is, at least the statutory national minimum wage. Another central component is the occupational safety regulations. That is how we guarantee that the occupational safety regulations of the ILO (International Labour Organisation) are met. Child labour, forced labour or precarious jobs are not tolerated. Several social compliance departments in the countries of production test all the factories thoroughly and make sure that these conditions are met.

ADHERENCE TO THE REACH-REGULATIONS

We assure you that when manufacturing our myrtle beach products and JAMES & NICHOLSON textiles we meet the obligations of the REACH-regulations.

QUALITY STANDARD

The merchandise is regularly tested by certified testing institutes in the countries of production regarding the given parameter. Moreover, in cooperation with SGS, Testex, Hohenstein and other renowned institutes the quality is continually controlled.

OEKO-TEX® STANDARD 100

This standard guarantees that textile and non-textile product components pose no threat to health.

PROTECTION OF THE ENVIRONMENT

All the products of myrtle beach and JAMES & NICHOLSON are produced in an environmentally friendly way.

RECYCLED POLYESTER

PET bottles are recycled to create a new fashion. Plastic bottles are crushed, melted down and spun to yarn, which is sometimes completely integrated into the production.

fabric

product

A T-SHIRT IS MADE OUT OF 25 PET-BOTTLES

It is important to us to sensibly process raw materials that have already been used instead of always entering new raw materials into the production cycle. In this way, environmental pollution can be reduced and superfluous rubbish can be avoided.

Therefore, our new sport styles are made of polyester gained from recycled plastic bottles. These are cleaned, melted down and spun to yarn. This is how for example a sport T-shirt JN519 is made out of 25 PET-bottles.

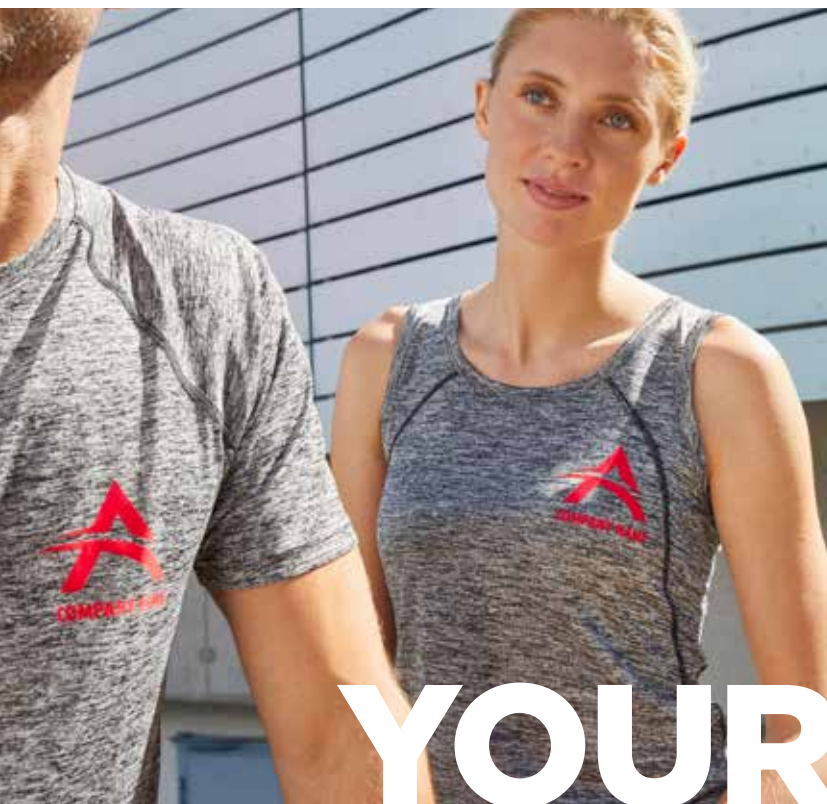

All the products of the recycling collection are just as high-quality, breathable and stylish as our previous T-shirts or pants. The examination of the yarn production and of the standards is carried out by the independent laboratory LABTECH.

This sustainable collection is continuously expanded by us with a lot of commitment. You will recognize the outfits by the logo RECYCLED POLYESTER.

ONE TEAM, ONE OUTFIT

All the outfits in this catalogue can be individualized with your company or event logo. Is the next corporate run coming up soon? Does the sponsored club team need new jerseys? Are you organizing an event and would you like to surprise the participants with your own T-shirts? Just call us and we will deal with it quickly and reliably.

YOUR

CHOOSE YOUR OUTFIT

From head to toe, from the functional jacket to the T-shirt in a matching colour: Thanks to the wide colour range and the huge selection of styles, any company will easily find a suitable corporate outfit which can be decorated with their personal logo for a perfect appearance.

INDIVIDUALIZATION

Print or embroidery –
Your logo is the centre of attention.

POSITIONING YOUR LOGO

At the back, at the front, laterally – where do you want your advertising message to be? Our experts advise you personally which is the best position for your logo or slogan on the chosen outfit. You will find our contact data on the back of the catalogue.

JUST ORDER

Due to our comprehensive advice, everything is dealt with in no time. Even if you do not have any previous knowledge.

RUNNING & FITNESS

Put on your jersey, lace up your shoes, warm up, speed up! Whether corporate run, running group or fitness class: Running in a group is more fun. Behind the scenes and on stage. A corporate outfit clearly shows who is part of it: Running in a team; being a team.

A composite image featuring a man in athletic gear running on stairs. The man in the foreground is wearing a red cap, sunglasses, and a black long-sleeved shirt. In the background, another man and a woman are running on the same stairs. The entire image has a red tint. The text "PROTECT WHAT MATTERS MOST" is overlaid in large, bold, red letters.

**PROTECT
WHAT
MATTERS
MOST**

ACCESSORIES

Don't worry any more about getting cold ears or too much sun. Our caps and beanies protect athletes before, during and after workout. They are eye-catching brand promoters and complete the outfit of every team.

ACHIEVETEX®

Textiles coated with Achievetex® are absolutely waterproof, wind-proof and breathable. Sweat is transported to the outside of the fabric and your head keeps dry.

TAPED SEAMS

To avoid moisture penetrating into the fabric, seams and stitches can get taped. Taped seams are 100 % waterproof.

FUNCTIONS & FEATURES

RECYCLED POLYESTER

PET bottles are recycled to create a new fashion. Plastic bottles are crushed, melted down and spun to yarn, which is sometimes completely integrated into the production.

BREATHABILITY/PERMEABILITY TO WATER VAPOUR

Functional textiles must have the ability to transport moisture from the skin to the fabric surface as fast as possible. Permeability shows how much steam in grams can evaporate on a surface of 1 m² within 24 hours. The higher this figure, the more breathable the textile is.

WATER COLUMN FROM 1.500 MM

The ability to withstand water pressure without moisture penetrating into the material is given by the water column (mm). The minimum standard is a water column of 1.500 mm.

SOFTSHELL

SOFTSHELL with TPU membrane consists of three layers. Due to the microporous TPU membrane as middle layer the material is water-proof, wind-proof and breathable at the same time.

COOLMAX®

Through the channels of the breathable COOLMAX®-fibre humidity is evacuated extremely fast to the outer layers of the fabric. Thus the body is kept dry. At the same time a natural temperature control of the body is supported.

TOPCOOL®

TOPCOOL® polyester fibres perfectly absorb moisture due to their special surface and transport it quickly to the outside where it can evaporate.

COOLDRY®

Due to the COOLDRY® treating moisture is transported to the outside and creates a comfortable feeling. The textiles dry quickly, are breathable and ideal for all activities.

LYCRA® SPORT

As a 'second skin' products with LYCRA® SPORT support the performance of ambitious athletes. With their performance-enhancing compression effect, they meet the highest demands on freedom to move, fit, shape retention. Therefore, they are ideal for all sports.

TEAR OFF!® LABEL

Our Tear off!® Label enables us to easily change the neck label of T-shirts. We use a special transfer-technique for relabelling your T-shirts.

CAPS TO PRINT ON

Caps with this label are ideal for printing and embroidering. The construction of the caps leaves a lot of space so the cap is easy to decorate, with the logo presented to perfection.
